DETAILED ACTION

A preliminary amendment was file on 2/22/2002. Receipt is also acknowledged of the information disclosure statements filed 05/23/2002 and 10/07/2002.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 11, 12, 13, 21, 22, 34 are rejected under 35 U.S.C. 102(b) as being anticipated by Domb et al.

Domb et al disclose a multiblock copolymer mixture which is dissolved in water (or other hydrophilic solvent) and organic solvents (see column 7, lines 30-44). While the method goes on to prepare microparticles through solvent evaporation, the composition and method of Domb et al anticipate those of the claims up to that point in the disclosed compositions.

Claims 2-10, 14-20, 25-33, 35-40 are objected to as dependent upon a rejected claim.

Claims 23-24 are allowed.

WO97/26015 is cited a patent of interest in it disclosure of a hydrophobic polymer and drug dissolved in an oil vehicle. The patent lacks the disclosure of an accompanying hydrophilic solvent.
